BUSINESS LINES AND TRADING:

- **Outdoor Furniture** (from wood: Acacia, Eucalyptus, Teak, Oak...)
 - **Wicker Furniture** (wood combined with aluminum, metal, textile and wicker)
 - **Sawn Timber and Round log** (Pinewood from New Zealand, Chile, Uruguay and Brazil...)
- Total plant area: 30,000 sqm with over 500 employees and advanced engineering, our total monthly capacity is around 50x40' containers depending on the models and wood requirement in production. We enforce total quality control through every aspect of the manufacturing process ensuring that our strict standards are met. From the design, the selection of materials, and the moisture content through the precisely manufactured finished product, quality is our first priority. Our main market is the US, EU, UK, Japan, Australia, and New Zealand... Having been establishing good business relations with the wood suppliers, we always gain the

initiative in raw material sources. Moreover, our plan is to import wood every season ensuring that our customers will always get stable prices throughout the season despite the fluctuation of prices in the material market.

FSC CERTIFICATES

A majority of our wood products come from sustainable, well-managed forests, certified by Forest Stewardship Council. The FSC® label on products allows the clients to trace back the origin of our FSC® furniture. Since 2000, FSC® wood is our recommendation.

Our FSC® certificate code:
SGSHK-COC-001476,
SGSHK-COC-001891,
SGSHK-CW-001891.

ISO CERTIFICATES AND SOCIAL RESPONSIBILITY (BSCI)

So as to build a better tomorrow, Vinafor Saigon Jco values responsibility towards society and all stakeholders. Our target is to improve profitability, gain a competitive advantage in business, and minimize environmental as well as social risks in our operation, purchasing, and sales.

Quality is our life. Not only to satisfy the clients' requirements but also to lay the foundation for our firm development. Our quality management system allows you to trust in our quality of products. Our ISO 9001: 2015 certificate code: VN 19-00091

ENVIRONMENTAL RESPONSIBILITY

Environmental protection is one of the highest priorities in modern society. It requires the cooperation of all parties involved in operations related to a product's life cycle. Therefore, we take into consideration the environmental effects of a product's entire life cycle, in addition to its price and quality.

PRODUCT SAFETY

The quality assurance is based on a self-control plan to ensure the safety and high quality of the products with sensory, chemical, and physical determinations including checking the correctness of specifications, label texts as well as our self-inspection of incoming material, in-process, and finishing.
